The Duty Roster is compiled from a list of boats that are in the area. It represents our best guess, before the season starts, as to who will join and race in the 2024 season. The unassigned boats are available, if needed, to fill in for assigned boats that may not end up

If your assigned night does to work, please find a willing party to swap with from the "assigned" list. Please inform the Race or Social officer if you have arranged a swap.
